

Harbury Parish Council Bi-Annual Report October 2007
(with apologies for the absence of the quarterly report in July!)

In the last six months the Parish Council has:

- Installed new dog bins around the village (final locations still being determined!)
- Continued to battle vandalism at the playing fields car park
- Adopted the new code of conduct for local authorities
- Co-opted Ron Grey as the new Parish Councillor for Deppers Bridge
- Attended a public enquiry into Bishops Bowl lakes; and agreed a response to the draft masterplan drawn up by SDC
- Responded to public concerns after an unauthorized event at the playing fields by meeting with the carnival committee and agreeing new security measures for next year
- Agreed to explore the possibility of establishing a parish office
- Made grants to the Pre-School, the Guides, the Harbury and Ladbroke News and the Steel Pan Academy
- Agreed to replace the Village Hall notice board
- We are still awaiting a public consultation for the proposed Bush Heath Lane development. This might now be early in 2008.
