

STATEMENT OF INTERNAL CONTROL

1 Scope of Responsibility

Harbury Parish Council is a local authority funded largely by public money. It is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded, properly accounted for, and used economically, efficiently and effectively. In discharging this overall responsibility, the council is also responsible for ensuring that there is a sound system of internal control which facilitates the effective exercise of the council's functions and which includes arrangements for the management of risk. The council is required, by regulation 6.1 of the Accounts and Audit Regulations 2015, to review each financial year the effectiveness of its system of financial control.

2 The Purpose of the System of Internal Control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure, to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place at the council for the year ended 31 March 2025 and accords with proper practices.

In their role as the Responsible Financial Officer, the clerk also advises on financial related issues and is responsible for the administration of the council's finances.

The clerk is responsible for advising on the day to day compliance with laws and regulations that the council is subject to and for managing risks. The clerk also provides advice to help the council ensure that its procedures, control systems and policies are adhered to.

All expenditure (the incurring of costs) must be authorised by the council, or (in accordance with the Financial Regulations) by other delegated authority.

All payments from the council's banks accounts are only to be made with triple authorisation, either by three signatures on cheques, or by triple authorisation of online payments.

All payments are reported to the council. The clerk/ RFO is responsible for checking the legality of each payment and that payments are within the powers of the council prior to presentation to the council.
